Volume 59, no. 1, p. 586–589, 2015. Page 588: the first sentence of the Acknowledgments was incomplete. The full Acknowledgments should read as follows:

This project was funded in part by a grant (project number PS09-02389 and PI1300687) from the Health Research Fund (FIS) of the Carlos III Health Institute (ISCIII), Madrid, Spain, partially financed by the European Regional Development Fund (FEDER) “A way of making Europe.” Fragment analysis to obtain MLVA patterns and sequencing were performed in a 3130xl genetic analyzer that was funded in part by grants from the FIS (IF01-3624 and IF08-36173).

We are indebted to Thomas O’Boyle for editorial assistance.
